

CHANTELE MUCUIO

Final-Year ICT Student | Software Development | Systems & Data | Java & Python

071 845 2476 | chantelemucui@gmail.com | Roodepoort, Gauteng | Driver's Licence: Code C

github.com/chacha-debug | linkedin.com/in/chantele-mucui

PROFESSIONAL SUMMARY

Final-year Diploma in Information and Communication Technology student at Sol Plaatje University with strong academic performance, including two Dean's List recognitions and five distinctions across nine second-year modules. Hands-on experience developing database-driven applications, RESTful APIs, and web systems using Java, Python, Spring Boot, Django, and MySQL. Strong foundation in object-oriented programming, systems analysis, relational database design, authentication, validation, debugging and API testing, with additional exposure to networking fundamentals. FASSET Buddy experience has strengthened communication, mentoring, teamwork, and problem-solving abilities. Adaptable and analytical, with a strong interest in applying ICT knowledge across digital products, business analysis, IT systems, and technical environments.

TECHNICAL SKILLS

- **Programming:** Java, Python, SQL, HTML, CSS
- **Frameworks:** Spring Boot, Django
- **Databases:** MySQL, SQLite, Hibernate/JPA, Relational Database Design
- **Web & APIs:** RESTful APIs, CRUD Operations, MVC/MVT, Authentication
- **Software Engineering:** OOP, Layered Architecture, Input Validation, Exception Handling, Debugging, API Testing
- **Networking:** Network Fundamentals, Network Layer Protocols, Cisco Packet Tracer
- **Tools:** Git, GitHub, Maven, Postman, Swagger/OpenAPI, Android Studio, NetBeans, Visual Studio

PROJECTS

Logistics Management API *Java, Spring Boot, MySQL, Hibernate/JPA, REST APIs, Postman, Swagger/OpenAPI* | [GitHub Repo](#)

- Developed a layered RESTful API to manage customers, drivers, shipments, and deliveries, implementing shipment tracking, status-history auditing, and dynamic shipping-fee calculations based on weight.
- Designed the backend using a Controller-Service-Repository layered architecture, using DTOs to separate API contracts from database entities.
- Implemented input validation, centralised exception handling, and MySQL integration via Hibernate/JPA; tested endpoints in Postman and documented the API with Swagger/OpenAPI.

Community Reporting System *Python, Django, SQLite, HTML, CSS, Bootstrap, Git/GitHub* | [GitHub Repo](#)

- Independently designed and built a web-based system enabling users to submit, track, and manage community issues, using Django's Model-View-Template (MVT) architecture.
- Implemented user authentication, CRUD operations, and input validation, and developed responsive interfaces, debugging application and database issues throughout.

Taste Haven Restaurant Management System *Java, MySQL, NetBeans, SQL, Git/GitHub* | [GitHub Repo](#)

- Collaborated in a team to build a restaurant management system supporting menu management, customer orders, and reservations, contributing to core functionality and MySQL integration.
- Applied object-oriented programming principles and coordinated development through task allocation, testing, and version control.

WORK EXPERIENCE

FASSET Buddy — Sol Plaatje University 2025

- Delivered weekly academic and technical support (4 hours/week) to second-year ICT students, helping them work through programming concepts and coursework.
- Explained technical concepts clearly to students at varying levels of understanding, strengthening communication and mentoring skills applicable to collaborative development teams.
- Built leadership and teamwork skills through consistent, structured peer support.

EDUCATION

Diploma in Information and Communication Technology *Sol Plaatje University | 2024 – 2026 (Expected completion: 2026)*

National Senior Certificate (Matric) *West Ridge High School | 2021*

AWARDS & ACHIEVEMENTS

- Dean's List, Sol Plaatje University — 2024 and 2025
- Five Distinctions across 9 second-year modules (2025)

CORE COMPETENCIES

Problem Solving • Analytical Thinking • Communication • Teamwork • Technical Mentoring • Adaptability • Attention to Detail • Initiative
